David Martin Homes
678-432-9385

Dear David,

I just wanted to write you this note and say that you, your staff, and the companies that you use in the construction of your houses, have all been most helpful and a pleasure to do business with.

I realize that everything will not be perfect on a new home, nor did I expect it, but when called upon for help, you and associates came through. I think this is very important for a prospective homeowner to know about your company, so I thought I would put down in writing how happy we are with our home.

Anytime you need any references or would like to show anything about our house, please feel free to call on us.

Respectfully,

Doug & Sheryl Mick
